Dear Dr. Geller:

I know that all of you thought that I had forgotten you, but nothing could be further from the truth. You and your staff will always be dear to my heart. You know it is not every day that one gets their sight restored in their right eye.

Dr. Geller, what you accomplished was so far past my wildest imagination that I am still amazed that I found out about you and that you tuned out to be able to do exactly what your web site suggested you could do.

I have enclosed a few items that you probably have not been longing for, but it was the least I could do.

Thanks,

ROBERT J. KUHN
